The major purpose of the Brandon and Area Planning District is to provide for an increased level of co-ordination and co-operation among the participating municipal corporations, primarily with regard to land use and land development issues.... it is in the best interests of the member municipalities to continue supporting and complementing one another to the greatest possible extent. The inference is that the objectives and policies set out in this Development Plan will be based on a theme of cooperation, since land use planning and development affect the entire District.
